

Postal Strike and tax payments

June 7, 2011

Canada Post is currently on rotating strikes across the Country.

The Township will be printing tax bills mid June and mailing them out by the end of June as mail will still be delivered during this strike.

Even though there is a rotating postal strike it is each taxpayer's responsibility to ensure tax payments are made on time.

The Township offers several other options such as telephone or internet banking payments, pre-authorized payment plans and mail slot drop off at the office (24 hrs).

If payments are not received by the specified due dates then applicable penalty and/or interest will be charged as per the By-law.
