INQUIRIES AND CLARIFICATIONS

It is the contractor's responsibility to clarify interpretation of any item on the specifications and/or other tender documents, before the close of tender, by contacting the following:

Township of Otonabee-South Monaghan
P.O. Box 70, 20 Third Street
Keene, Ontario KOL 2G0
Email: directorpublicworks@osmtownship.ca
Telephone: 705-745-3595
Fax: 705-295-6405

All questions relating to the tender must be in writing and delivered, faxed or emailed as directed above. No verbal interpretation will be effective to modify any component of the tender or any contract. Only interpretations and clarifications, which are provided in writing by the above-mentioned, will be considered valid. Bidders shall be advised that responses to questions will be completed via Addendum and posted to the Township website. It is the bidder's responsibility to check for addenda prior to submission of bid and during the tendering process.

The submission of a quotation shall be deemed proof that the contractor has satisfied himself as to all the provisions of the quotation, all conditions which may be encountered, what goods and services he will be required to supply, or any other matter which may enter into the carrying out of supply of goods and services referred to in the quotation, and no claims will be entertained by the Township based on the assertion by the contractor that he was uninformed as to any of the requirements of this quotation.

Should a contractor discover any errors or omissions in the tender, they shall notify the purchaser so that clarification can be made to all bidders.

WITHDRAWAL PROCEDURE

A contractor who has submitted a tender may request that the tender be withdrawn. The withdrawal will be allowed if the request is made by mail, fax or in person, directly to the Clerk/Deputy-CAO or their designate before the closing time. When a withdrawal request is made in person, the requestor shall sign a withdrawal form confirming the request. When requests are made by mail or fax, they shall be confirmed by telephone prior to acceptance. (Telephone requests will not be considered).

Tenders confirmed as withdrawn prior to closing time shall be returned unopened.

The withdrawal of a tender does not disqualify a respondent from submitting another tender on the same contract providing it is submitted prior to the closing date and time.

Withdrawal requests received after the tender closing time will not be allowed.

TENDER OPENING

Tender opening shall be conducted in a public forum and shall take place as soon as practical after the closing time. The names of contractors submitting bids and total bid amounts will be announced; however, no other tender information will be released at this time.

When tenders have been opened and sorted, the Clerk/Deputy-CAO shall check the number of tenders opened to ensure that all tenders received are accounted for. If a discrepancy occurs, the tender opening proceedings shall be delayed until all tenders have been accounted for.

When all tenders have been accounted for, the Clerk/Deputy or CAO shall announce for each contract the contract name, number, the number of bids received, and the name of the contractors during the reading out of tenders. The Clerk/Deputy or CAO shall check for more than one tender under the same name. If two tender envelopes for the same contract are received in the same contractor's name and are both properly submitted, the envelope containing the lower tender amount shall be considered the intended bid and shall be processed within the normal manner.

PRELIMINARY CHECKING

Initially all tenders shall be checked by the Director of Public Works or their designate to ensure that;

- The contractor's name and tender amount shown on the Record of Tender Opening are correct;
- The tender form is signed as necessary, sealed or witnessed;
- Each tender envelope is time and date stamped prior to the contract closing time;
- Each item on the tender has been bid;
- The tender is free of restrictions or alterations; and
- Tenders must be legible, written in ink or typewritten. Submissions written in pencil will be rejected. The authorized officer signing the tender must initial erasures, corrections or strikeouts.
- In the event of any discrepancy between the unit price and the extension, the unit prices shall govern.
- All other tender requirements have been met.

In the event that a bid does not contain or comply with a mandatory item, then the bid must be rejected.

TENDER NUMBER PW-W-2024-02
Resurfacing of Settlers Line and Base Line
The Corporation of The Township of Otonabee-South Monaghan

The Tenders will be assessed for completeness and suitability to requirements based upon the information provided by the contractor in their submission. Contractors may be contacted to clarify any items and may be required to attend an interview. Further discussions and demonstrations of capabilities may be required at that stage. Based upon the analysis of the tenders, subsequent discussions and reference checking, a final ranking of respondents will be established.

EVALUATION CRITERIA

The following criteria, which are not in any particular order, as well as any other criteria outlined in tender specifications will be used to determine the ranking of the respondent and proposed system:

- The availability of Township funds to complete the task
- The Director of Public Works is satisfied with the product.
- The required expertise, including professional qualifications and experience.
- A demonstration of thorough knowledge and understanding of the scope of work.
- A demonstration of specific related experience relative to the nature of the tender call.
- Record of past performance with the Township.
- Past performance with other municipalities preferably in the Ontario marketplace, in providing similar products or services.
- If requested, the contractor agrees that he will furnish a copy of his latest financial statement within four (4) calendar days after being requested to do so by the Township. The Contractor solemnly declares that the several matters stated in the foregoing quotation are in all respects true.

TENDER NUMBER PW-W-2024-02
Resurfacing of Settlers Line and Base Line

- Any other factors, which may be set out in the Call for Tender for other documentation.

The Township reserves the right to reject any offer based on products that have not demonstrated proven satisfactory performance through field trials or actual use by the Customer or a comparable business. Whether a product meets this requirement shall be the sole decision of the Township.

The lowest or any tender will not necessarily be accepted.

CONTRACT AWARD

After an initial review of the tenders, bidders may be interviewed and requested to provide clarification of specifications or any included information that has been provided within the bid.

Tender award will be made based upon the highest scored compliant proponent in the evaluation process. The Corporation of the Township of Otonabee-South Monaghan reserves the right to accept or reject all or part of any bid and also reserves the right to accept other than the lowest bid and to cancel this call for bids at any time.

Provided that at least one of the tenders received meets the approval of the Director of Public Works, a recommendation for the contract award will be made and presented to Township Council for approval. In the event that no bona fide offer is received, the Township may proceed at its discretion to obtain the goods or services described.

Council shall review the recommendation of the Director of Public Works and make an award. In the event that Council deems that it would be beneficial to listen to delegations from contractors at this time, every contractor must be given an equal opportunity to present himself or herself. Individual written invitations, stating time, date and purpose of the presentation, must be extended to each contractor.

In the event that more than one contractor has submitted a tender in the same amount and content, the Director of Public Works shall make its decision based on the merit of the tender (i.e. including such factors as time for completion and previous performance of the contractor. If the merit for each tender is equal, then the tender to be accepted shall be decided by means of a draw. The names of the tied contractors shall be placed in a container and the tender to be awarded shall be drawn by a member of council. The time and location of the draw shall be set by the Director of Public Works, and the bidders shall be notified in order that they may be present.

By responding to this tender call, contractors accept the terms and conditions outlined in this tender call and that the decision of the Township Council is final and binding and will not be subject to review.

The Township reserves the right to accept or reject all or any portion of the tender, as may be in the best interests of the Township.

TENDER NUMBER PW-W-2024-02

CONTRACTS AND AGREEMENTS

The entire text of the contractor's Tender and all accompanying documentation, claims, representations, and arrangements presented by the contractor, relevant to the Tender, may be incorporated into and form part of the contract. No oral representations should be assumed to be incorporated in the contract documents. Contractors are cautioned that information should not be submitted that couldn't be incorporated into the agreement.

The failure of either party at any time to require performance by the other party of any provision hereof shall in no way affect his right thereafter to enforce such provision or to seek damages for the breach thereof. The Contractor agrees that the laws of Ontario shall govern the rights of all parties. It is agreed between the parties that neither party shall be held responsible for damages caused by delay or failure to perform his undertakings hereunder when such delay or failure is due to fires, strikes, floods, Acts of God or the Queen's enemies, lawful acts of public authorities, or delays or defaults caused by common carriers, which cannot reasonably be foreseen or provided against.

DELIVERY

The Contractor shall be responsible for arranging its Services so that completion shall be as specified in the Contract.

TAXES

The tender price shall include all applicable taxes, in accordance with the current legislation.

TERMS OF PAYMENT

Payment will be made upon normal processing of the Contractor's invoice, subject to acceptance of the Contractor's Services.

The Contractor shall have no claim for loss, damages, anticipated profits or otherwise on account of any difference which may occur between the quantities of work actually done under the Contract and the estimated quantities as set out in the Contract Documents.

The effect of any alternative payment terms, stated clearly in the Contract by the Contractor will be considered in the evaluation of the Contract.

CHANGES

The Township shall have the right to make changes to services. Changes must be authorized by a written Change Order document.

PATENTS AND COPYRIGHTS

The Contractor shall at its expense, defend all claims, actions or proceedings against the Township based on any allegations that the services or any part of the services constitute an infringement of any patent, copyright or other proprietary right and shall pay to the Township all costs, damages, charges, and expenses, including the Township's legal fees.

The Contractor shall pay all royalties and patent license fees required for the services. If the service, or any part thereof, is in any action or proceeding held to constitute infringement, the Contract shall forthwith either secure for The Township the right to continue using the service, or shall at the Contractor's expense, replace the infringing service with non-infringing service or modify it so that the service no longer infringes.

ASSIGNMENT

The Contractor shall not assign the Contract or any portion thereof without the written prior consent of the Township, provided that the contractor is not then in default under this agreement, and provided that the assignee executes a counterpart of this agreement and annexes thereto a memorandum acknowledging that it is bound by the terms and conditions hereof and covenants to comply herewith.

DEFICIENT WORK

If any services, equipment, materials, or workmanship furnished by the Contractor is defective or any aspect of performance of service is deficient, the Township may in its sole discretion, in writing:

- require the Contractor promptly to remedy the defect or deficiency;
- suspend or terminate all or any part of the services effective upon the giving of the notice; OR
- do both of the foregoing.

Costs to remedy such defects or deficiencies and any additional costs resulting there from shall be at Contractor's expense.

TENDER NUMBER PW-W-2024-02
Resurfacing of Settlers Line and Base Line
The Corporation of The Township of Otonabee-South Monaghan

SUSPENSION AND TERMINATION:

The Township may, at any time, suspend or terminate any part of the service, including all remaining work, for any justifiable reason whatsoever effective immediately upon notice to the Contractor. The Contractor shall continue to execute any part of the service not suspended or terminated.

In the event of termination, except for suspension pursuant to the Clause - Deficient Work, the Contractor is entitled to full payment for the part of the service provided by it up to the effective date of such termination.

The Township shall not be liable to the Contractor for loss of anticipated profit on the terminated portion or portions of the service.

WARRANTIES AND GUARANTEES

The Contractor warrants and guarantees that all work will be free from defects in workmanship and materials. The Contractor shall remedy at Contractor's cost any defects in work, provided the Contractor is notified by the Township of such defect within two (2) years from the date of acceptance or termination of work. For apparatus, materials and accessories not manufactured by the Contractor, the Contractor shall obtain such warranties or guarantees as are available from the manufacturers. These shall extend over the longest possible period, which shall not be less than one (1) year after acceptance or termination of the work.

DEFAULT BY CONTRACTOR

If the Contractor commits any act of bankruptcy; or if a receiver is appointed on account of its insolvency or in respect of any of its property; or if the Contractor makes a general assignment for the benefit of its creditors; then, in any such case, the Township may, without notice, terminate the Contract.

If the Contractor fails to comply with any request, instruction or order of the Township; or fails to pay its accounts; or fails to comply with or persistently disregard statutes, regulations, by-laws or directives of relevant authorities relating to the Service; or fails to prosecute the Service with the skill and diligence; or assigns or sublets the Contract or any portion thereof without the Township's written consent; or refuses to correct defective service; or is otherwise in default in carrying out its part of any of the terms, conditions and obligations of the Contract, then, in any such case, the Township may, upon expiration of ten (10) days from the date of written notice to the Contractor, terminate the Contract.

Any termination of the Contract by the Township, as aforesaid, shall be without prejudice to any other rights or remedies the Township may have.

If the Township terminates the Contract, it is entitled to:

- i) take possession of all of the service in progress and finish the service by whatever means the Township may deem appropriate under the circumstances;
- ii) withhold any further payments to the Contractor until its liability to the Township is ascertained;
- iii) recover from the Contractor loss, damage and expense incurred by the Township by reason of the Contractor's default (which may be deducted from any monies due or becoming due to the Contractor).

DISCLOSURE

The names of the Contractor and the Contractor's renewal of the original Tender price will be made available to the public after Council authorization.

QUANTITIES

Where quantities are shown on the Contract Documents as approximate, they are not guaranteed to be accurate and are furnished without any liability on behalf of the Township and shall be used as a basis for comparison only.

INDEPENDENT CONTRACTOR

The Contractor is an independent Contractor and the Contractor's personnel shall at all times be considered as agents or employees of the Contractor and not be considered servants or agents of the Township.

BUSINESS ETHICS

The Contractor agrees to comply with all laws, regulations, rules and orders applicable to the observance or performance of its obligations under this Contract.

The Contractor agrees that all financial settlements, reports, and billings rendered to the Township under this Contract shall properly reflect the facts of all activities and transactions handled for the Township's account and may be relied upon as being complete and accurate in any further recording or reporting made by the Township for any purpose.

The Contractor shall notify the Township in writing promptly upon discovery of any failure to comply with paragraph one or two of this clause.

If the time above specified is not sufficient to permit completion of the work by the contractor working a normal number of hours each day or week on a single daylight shift basis, any extra costs occurred to meet the deadline stated in the contract will not be compensated by the owner.

It is agreed by the parties to the contract that in case all work called for under the contract is not finished or completed within the dates included in the tender; a loss or will be sustained by the owner. Since it is and will be impracticable and extremely difficult to ascertain and determine the actual loss or damage which the owner will suffer in the event of any reason of such a delay, the parties here to agree that the contractor will pay to the owner the sum of **\$1,000 (One Thousand Dollars)** as liquidated damages for each and every single calendar days' delay in finishing the work in excess of the required completion date prescribed. It is agreed that this amount is the estimate of the actual loss or damage to the owner, which will accrue during the period in excess of the prescribed completion date.

The Owner may deduct any amount under this paragraph from any monies that may be due or payable to the contractor on any account whatsoever. The liquidated damages payable under this paragraph are in addition to and without prejudice to any other remedy, action or other alternative that may be available to the owner.

An application by the contractor for an extension of time shall be made to the Director of Public Works in writing at least fifteen days prior to the specified date of completion within the tender.

Any extension of time that may be granted, in writing, to the contractor shall be so granted and accepted without prejudice to any rights of the owner whatsoever under this contract, and all such rights shall continue in full force and effect after the time limited in this contract for the completion of the work and whenever in this contract power and authority is given to the owner or the Director or any person to take any action consequent upon the act, default, neglect, delay, non-observance or non-performance by the contractor in respect of the work or contract, or any portion thereof such powers or authorities may be exercised from time to time and not only in the event of the happening of such contingencies before the time limited in this contract for the completion of the work but also in the event of the same happening after the time so limited in the cause of the contractor being permitted to proceed with the execution of other work under an extension of time granted by the Township.

17. Contractors Responsibility

The contractor's attention is drawn to Section GC7 of OPSS general conditions of contract "Contractors Responsibility". Should the contractor cease operations, under no circumstances shall sub-contractors be allowed to continue to work on the site unless an authorized representative of the contractor is present on the site at all times. The contractor shall notify the Director in writing of the names and positions of the person or persons representing the contractor.

18. Co-ordination Meetings

The contractor shall attend such meetings as may be required by the Director to co-ordinate services affected by the contract.

19. Dust Control

The contractor must make all possible efforts to suppress dust from affecting the travelling public and private properties.

In accordance with Section GC7 of OPSS General Conditions of Contract, the Contractor shall take such steps as may be required to prevent dust nuisance resulting from his operations either within the right-of-way or elsewhere or by public traffic where it is the Contractor's responsibility to maintain the roadway through the work. Dust control is to be in accordance with the Construction Management Plan, which is available for the Contractor to review given written notice to the Owner.

Where the work requires the sawing of asphalt or the sawing or grinding of concrete, blades and grinders of the wet type shall be used together with sufficient water to prevent the incidence of dust, wherever dust would affect traffic or be a nuisance to commercial establishments or residents of the area where the work is being carried out.

The cost of all preventive measures shall be borne by the Contractor including where water or calcium chloride is used to reduce the dust caused by traffic on a roadway, which is the Contractor's responsibility to maintain for public traffic seven (7) days a week.

There shall be no additional payment for dust control, as required.

20. Discrepancies and Conflicts

Discrepancies and conflicts shall be brought to the attention of the Director of Public Works prior to commencement of work on that particular portion. No additional payment will be made for correction of errors made in this regard.

21. Utilities

Sections GC2.01 and GC7.12.02 of the General Conditions are deleted in their entirety and are replaced by the following:

The Contractor shall be responsible for the protection of all utilities at the job site during the time of construction.

The Authority will be responsible for the relocation of utilities where required. However, no claims will be considered which are based on delays or inconvenience resulting from the relocation not being completed before the start of this Contract. The location and depth of underground utilities shown on the Contract drawings are based

5. Erosion and Sediment Control - Items 1.05 & 3.05

The Contractor is required to install and maintain erosion and sedimentation control measures to contain sedimentation within the site as may be required. Should the Contractor allow sediment to enter downstream lands, the Contractor shall be required to undertake whatever clean-up measures are required to restore the area to its original condition.

In all areas, the Contractor shall, as a means of controlling erosion and runoff, schedule their operations as to limit the areas of slope and ditches exposed and the time that such areas are exposed prior to final treatment.

Erosion and sediment control measures are required to be in place prior to construction commencing. The Contractor shall be required to adjust the location of the erosion and sediment control measures to suit their operation and construction phasing; no additional payment will be made for this work.

The specifications for OPSS 805 are amended and extended as follows:

- a) Where, in the opinion of the Contract Administrator or any Regulatory Agency, the installed control measures fail to perform adequately, the Contractor shall supply and install additional or alternative measures as directed by the Contract Administrator or the Regulatory Agency. As such, the Contractor shall have additional control materials on site at all times which are easily accessible and may be implemented by him at a moment's notice.
- b) The Contractor shall ensure that all workers, including Sub-Contractors, in the Working Area are aware of the importance of the erosion and sediment control measures and informed of the consequences of the failure to comply with the requirements of all Regulatory Agencies and the specifications detailed herein.
- c) The Contractor shall periodically, or when requested by the Contract Administrator, clean out accumulated sediment deposits as required at the sediment control devices, including those deposits that may originate from outside the construction area. Accumulated sediment shall be removed in such a manner that prevents the deposition of this material into any sewer or watercourse and avoids damage to the control measure. The sediment shall be removed from the site and managed in compliance with the requirements for excess earth material, as specified elsewhere in the Contract.
- d) The sediment control measures shall only be removed when, in the opinion of the Contract Administrator, the measure, or measures, is no longer required. No control measure may be permanently removed without prior authorization from the Contract Administrator. All sediment and erosion control measures shall be removed in a manner that avoids the entry of any equipment, other than hand-held equipment, into any watercourse, and prevents the release of any sediment or

In the event the materials are not adequately mixed, the contractor may at no additional expense to the Township, be required to pulverize an additional time. The Contractor shall take extreme care when pulverizing on or near existing roadway outside of contract area to limit damage.

The processing shall be completed to the same station for the full surface with prior to closing operations down each day.

The placement of granular shall begin no later than 3 days after completion of pulverization (weather dependant).

The unit price bid for this item shall be full compensation for all work described above including the cost of labour, equipment, and materials.

8. Granular Materials - Items 2.02, 2.05, 2.06, 4.02, 4.05, 4.06,
OPSS 314 applies with the following amendments.

The scope of work under these items includes placement of granular material as outlined below:

TENDER NUMBER PW-W-2024-02
Resurfacing of Settlers Line and Base Line
The Corporation of The Township of Otonabee-South Monaghan

- Granular “A” for road base construction (100mm)
- Granular “A” for driveway tie-ins

The final cross-fall will be determined by the Contract Administrator prior to shaping of pulverized base.

Prior to delivery on-site, the material shall be tested at the source. The Contractor must provide the Owner with test results indicating that the material to be supplied conforms to OPSS MUNI 1010. The testing must be performed by a Certified Laboratory. Compaction of granulars shall be in accordance with OPSS 501.

The Contractor shall undertake quality control testing for compaction as per OPSS 501. The minimum frequency of compaction testing shall be one (1) test per 150 m for each lift of material. Written proof of the compaction (test results) shall be provided to the Contract Administrator prior to placement of surface treatment.

9. Double Surface Treatment – Items 2.03 & 4.03

This item shall include fine grading and final compaction of all roads. All sections of road shall be inspected by both the Contractor and Contract Administrator prior to placement of surface treatment.

All work shall be completed as per OPSS 304, 501, and 1006 and as amended below.

The scope of work consists of:

Binder	HF-150P
First Application	Class 3 Aggregate
Second Application	Class 6 Aggregate

The Contractor shall be responsible for determining application rates of aggregate and emulsion as per OPSS MUNI 304. The Contractor shall provide the rates to the County in writing within 7 business days prior to the start of work.

The Contractor shall provide the Township with certificates from an independent laboratory confirming that the aggregate and emulsion used in the work meetings the material specifications referenced in OPS MUNI 304 and 1006. Compatibility tests shall be provided as per OPS MUNI 1103 for the emulsion to be used with the aggregates. All costs associated with testing of aggregate and emulsion shall be borne by the Contractor.

QC testing shall be completed in accordance with OPS 304. The Contractor shall provide all results to the Township as soon as practical.

Warranty Repairs

The Owner shall inform the Contractor in writing any time within the first 23 months of the Warranty Period of surface defects requiring repair.

In addition, a survey of surface defects shall be completed by the Owner at the end of 1 year and a second survey of surface defects a minimum of 45 Days prior to the end of the Warranty Period. The results of both surveys shall be sent to the Contractor.

The types of surface defects, their severity, their density or extent, and the exact dimensions of the warranty repairs shall be determined by the Owner and recorded according to the Performance Requirements in Table 1 and Table 2 below.

If the Owner determines that the surface defects pose a hazard to the travelling public at any time during the Warranty Period, the Contractor shall make the repairs in accordance with this specification within 14 Days of being notified. In all other cases, repairs shall be completed no later than 14 Days prior to the warranty expiration date.

Repairs shall be made according to Table 1 and Table 2 below.

The length of a repair shall be sufficient to eliminate all surficial defects as described.

Materials used in the repair area shall be consistent with those originally used on the Contract.

The use of alternate aggregates meeting the aggregate requirements of the Aggregates subsection may be used in the repair area with the approval of the Owner.

Repairs shall be to the approval of the Owner.

The completion of any warranty works to correct a defect shall reset the Warranty Period from the time of the acceptance of the warranty repairs by the Owner. The Warranty Period shall then run for a period of 24 months for any repaired works.

Completion of Warranty Period:

At the end of the Warranty Period, the work shall meet the provisions of the Performance Requirements subsection in order for the Contractor to be released from responsibility and ensure return of the performance bond or letter of credit or certified cheque.
